### About This Content

Revival Productions presents a collection of curated community levels to extend and expand your Overload experience. The creators, who receive half the proceeds from the sale of this DLC, are members of the Overload Community who have used the free Overload Level Editor to make new levels. The Community Level Pack features a nine-level story-driven campaign and twelve challenge mode levels with official leaderboard support. Prepare to dive into dangerous and atmospheric facilities one more time as you take on hostile robots, rescue survivors, and of course overload the reactor!

### Features

- Nine Single-Player levels assembled into a new mission (Eodem Sequitur) with progression, unlocks, and a secret level.
- Twelve Challenge Mode levels.
- Online leaderboard support for the new CM levels.
- Levels created by members of the Overload community.

Get it on a sale price. If you include the 16 regular levels and 6 secret levels from the main game it makes the total level count 31.. There is some really good stuff to be found here! The levels flow nicely and are both atmospheric as well as functional gameplay space. Highly recommended, especially for the low price!
